*Scale unit price is applied for all retroactive tonnages in case of scale exceedances, separately for each cargo type.

*Tonnage counting for ships that are still in operation ends at 23:59 on 31 December. The rest amount is carried over to the next year is evaluated as the new year's tariffs and tonnages.

*+25% tariff difference is added to dangerous goods within the scope of IMDG code.

*+15% tariff difference is applied for cargos with environmental pollution risk.

*For cargoes classified as both hazardous and posing an environmental pollution risk, only the hazardous cargo tariff surcharge (+25%) will be added.

*The block marble loading tariff represents a package service price, which includes up to 30 days of storage in the port area, terminal handling, and loading onto the vessel. dunnages required for use in the ship's holds shall be supplied by the exporting company.

*Gang Waiting Fee : First 10 hours = \$100/per hour, between 11-20 hours = \$150/per hour, more than 20 hours \$400/per hour)
